All additional and revised documentation shall be submitted as an integral part of the plans and must also show Engineer's stamp, must be submitted on the same size and type of material as the original plans. (No papers to be stapled, taped, glued, clipped, etc., to the plans as documentation)
- Show Plumbing Layout
- HVAC Locations
- Indicate Gas or Electric
- Masonry Requirement Agreement (provided below)

## **STONE, STUCCO, MASONRY REQUIREMENTS**

For international builders, building in multiple areas, please include a letter stating you will be meeting all requirements for the ordinance:

85% stone, stucco, masonry for the 1<sup>st</sup> level and 50% stone, stucco, masonry for the 2<sup>nd</sup> level.

The letter to comply will meet requirements so your plans do not have to be adjusted to our ordinance. All homes will be inspected for compliance.

The city now requires the below Masonry Requirement Agreement to be submitted with the application.

## **METER SIZE CALCULATIONS**

Homes with 5 or more water closets will be required to have a 1" water meter installed unless the builder submits written calculations from their plumber stating that a smaller meter is acceptable for the homes usage.

All homes 6000 sq. ft. and larger (this is the living space and garage included) are required to have a 1" meter with no exceptions due to fire requirements which require the house to have a fire sprinkler.

**Depending upon the project additional data may be required (i.e, details, computations, stress diagrams, soil analysis, handicap requirements, engineer seals, architect seals, surveyor seals, electrical riser, diagrams, calculations, analysis, etc.).**

**\*\*Flood Zone – Must comply with City and Federal Regulations, if applicable\*\***

# MASONRY REQUIREMENT AGREEMENT

TO: City of Leander, Tx

DATE: \_\_\_\_\_

RE: MASONRY REQUIREMENT IN THE CITY OF LEANDER

This Agreement is in addition to and considered an integral part of the permit in connection with the dwelling to be built at (Address)\_\_\_\_\_ and serves as acknowledgement that the builder understands the requirements for Masonry as outlined in the ordinance within the City of Leander.

The builder, \_\_\_\_\_, agrees to comply with the Masonry Requirements outlined in the City of Leander Composite Zoning Ordinance. The builders' plans may or may not reflect the proper requirements, however, the builder is held responsible for delivering a finished product that complies with all City Ordinances within the City of Leander.

Type A zones as required by the city ordinance will be required to have at least 85% stone, stucco or un-painted masonry.

Type B zones as required by the city ordinance will be required to have at least 85% stone, stucco or un-painted masonry for the first level and 50% stone, stucco or un-painted masonry for the second level.

Benbrook/Savanna Ranch requirements are as stated: 75% stone, stucco or un-painted masonry for all levels of the dwelling. The minimum 75% masonry must include 100% masonry on the front and both sides of such dwelling.

In the event that the masonry requirements differ from those stated in the ordinance the PUD development agreement will be required to be submitted with the application.

The builder must also be aware that this agreement is solely for the Masonry Requirements and all other zoning requirements must be reviewed by the builder within the City of Leander Composite Zoning Ordinance.
